With the pressure for perfection to create the perfect drink everytime,
So Pure's tabletop collections have always being redefined, perfected
and polished in design offering the best in technology, releasing the best
in aromas and Coffee essence.

From the finest Swiss brewer & the latest in TFT screen media
to the dedicated after care and our standard two year parts warranty.

The passion for pure perfection matters...

It's time to create a pure tabletop transition and offer even more choice
to the So Pure Tabletop Collections, with a defining fresh milk solution
that produces rich smooth true microfoam velvet barista milk layers,
no matter the milk.

Create Pure Microfoam Perfection.

- THE IVORY -

S O P U R E[®]
B E V E R A G E T E C H N O L O G Y

Only the pure combination of elements create the perfect Espresso.
The So Pure Ivory truly combines all the elements, to define the next
innovation in microfoam Tabletop Espresso machines, which endorse
the So Pure ethos of passion for traditional Espresso
within our modern day lives.

- THE IVORY -

The Ivory benefits from a robust construction both externally
and internally, with a unique dual control heater system offering constant
heat within the fraction of a second, coupled with a one touch automatic
patented cleaning and rinsing system.

The So Pure Ivory perfects real fresh milk foam, creating those
true dense microfoam layers of fresh milk which we adore in our Espresso
Coffees from the Latte Macchiato's or Cappuccino's. With rich deep endless
barista milk foam at perfectly heated temperatures, no matter the milk
type. Your Real Barista experience with convenience,
speed and consistency has now arrived.

Café Latte

- H E A T E R S Y S T E M -

Designed with passion, each heater's own dedicated temperature measurement offers pure control to perfect heated milk and your microfoam never wavers in rich perfect foam thickness.

- MICROFOAM & MILK TYPES -

The So Pure Ivory offers those full-bodied milk foam barista textures, no matter the choice of milk: whole milk, soya milk, goat's milk or oat milk. The choice is yours, the Ivory caters for every sip creating delicious perfection. Foaming milk is one thing... microfoam is another. The Ivory temperature control allows the proteins of milk to truly create microfoam and the Ivory offers no less than 16 foam recipes which can be pre-programmed.
