- PROGRESSION OF PERFECTION -

With the pressure for perfection to create the perfect drink everytime, So Pure's tabletop collection have always being redefined, perfected and polished in design, offering the best in technology, releasing that second to none in aromas and Coffee essence.

From the finest Swiss brewer & the latest in TFT screen media to the dedicated after care and our standard two year parts warranty.

The passion for pure perfection matters...

It's time to create a pure tabletop transition and offer even more choice to the So Pure Tabletop Collections, with a defining fresh milk solution that produces rich smooth true microfoam velvet barista milk layers, no matter the milk.

Design ignited fusion and Sagitta was born.

SO PURE®

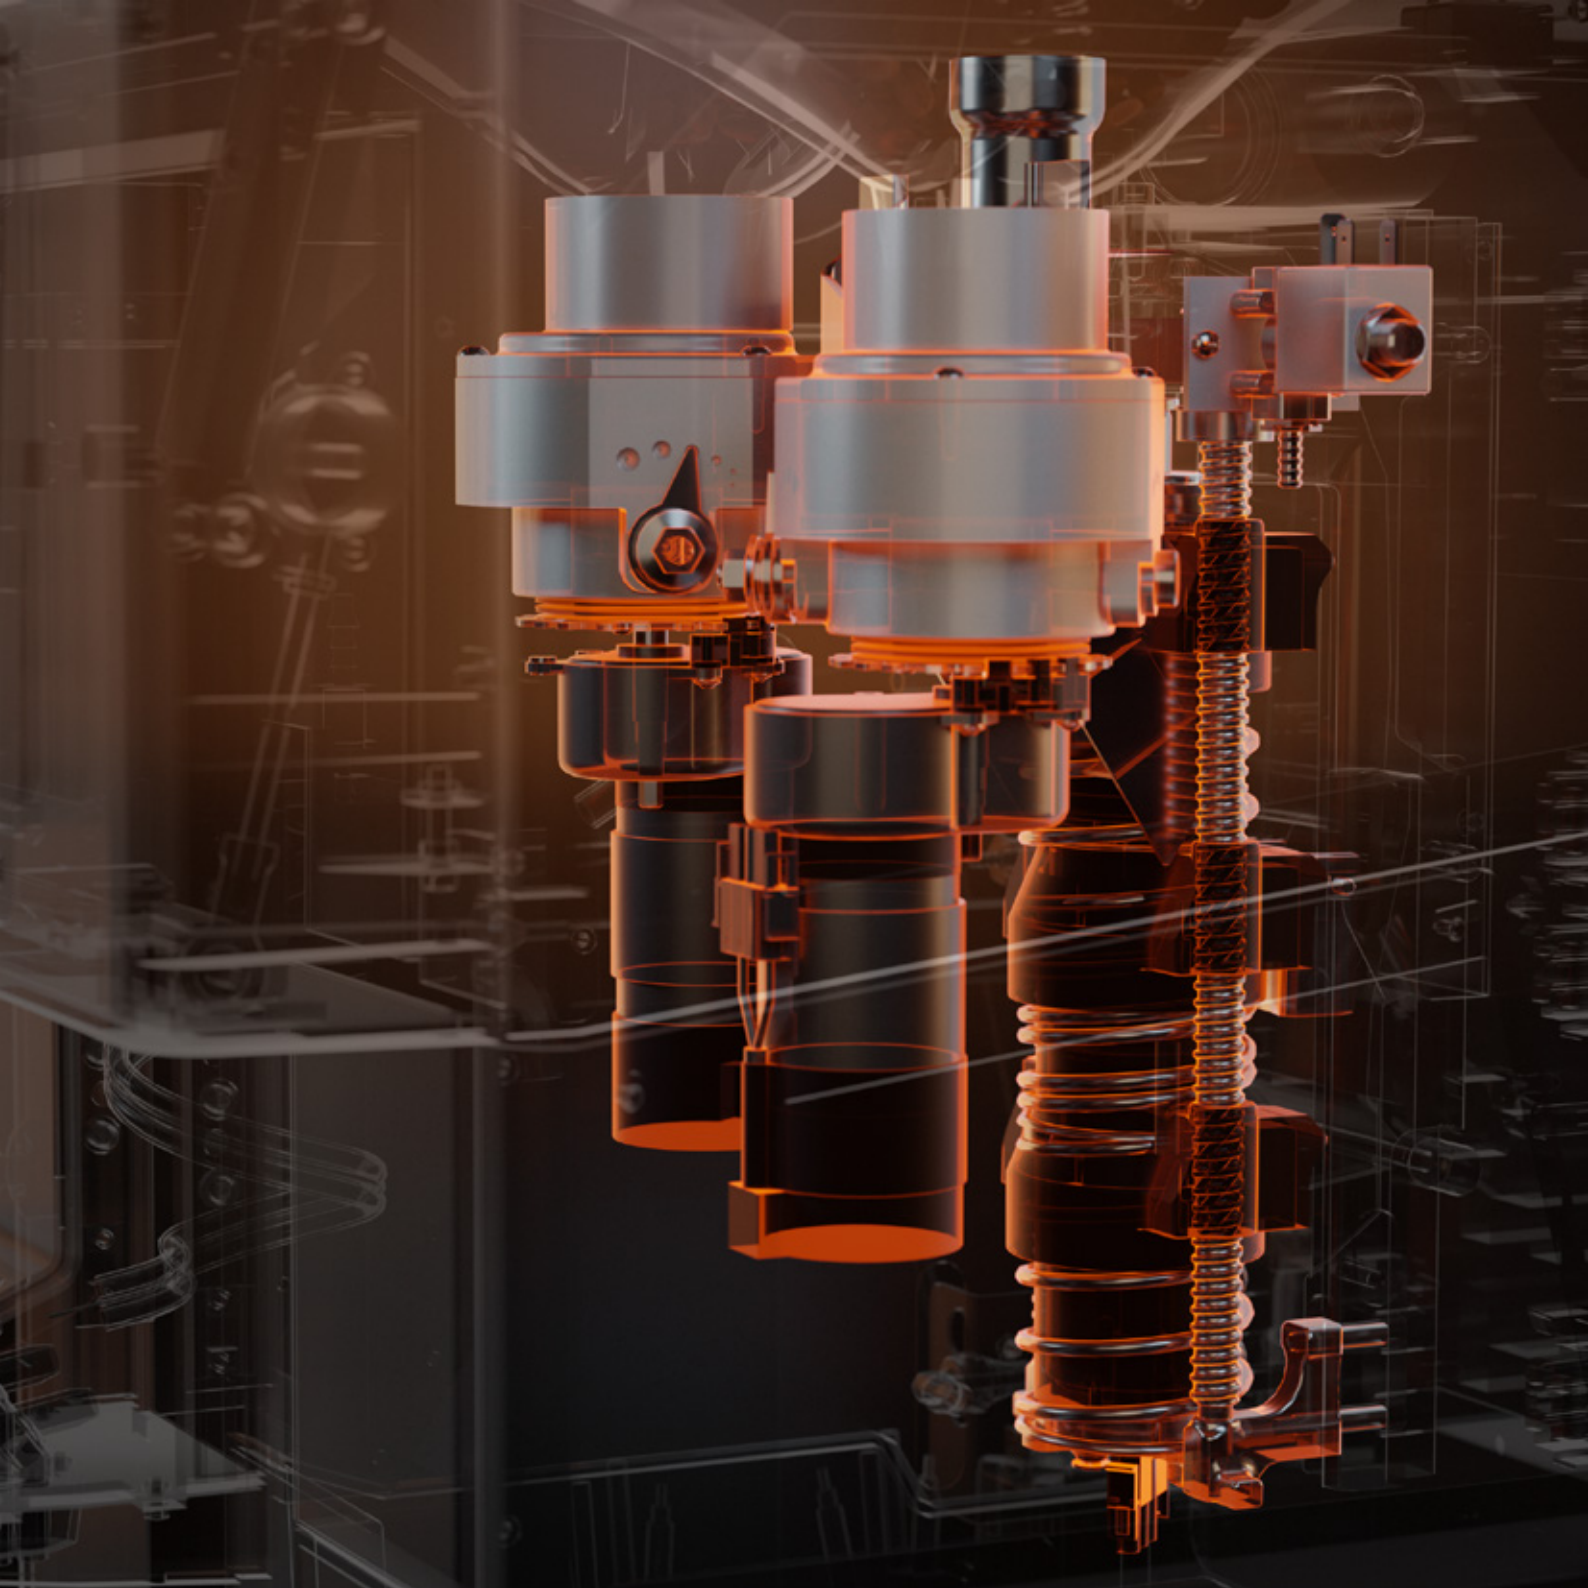

BEVERAGE TECHNOLOGY

- THE BRAUMANN BREWER -

Decades of design and engineering precision form the heart of So Pure's beverage machines. Our brewer combines and masters Swiss precision, perfectly balanced proportion components, designed to define the right pressure and temperature everytime. This unparalleled, unique robust brewer designed and built with capable of bearing the pressure of the brewing process time after time, with energy saving technology at their core.

Crafted to one of the best global coffee brewers, which brings the aroma alive within every cup our belief in the Braumann brewer and Braumann grinder is unlimited which is why we include a deadicated bespoke 8-year warranty lifespan on the Braumann brewer and Braumann grinder.

- MICROFOAM & MILK TYPES -

The Ivory Sagitta offers even more at the touch of a button.
With a dedicated Milkbased system available that delivers those barista coffee shop full-bodied milk foam textures, no matter the choice of milk: whole milk, soya milk, goat's milk or oat milk.

The choice is yours, the Sagitta caters for every sip creating delicious perfection.

Foaming milk is one thing... microfoam is another. The Ivory Sagitta offers temperature control each heater's own dedicated temperature measurement offers pure control to perfect heated microfoam milk that never wavers in rich perfect foam thickness

Alternativeto steam heating, our technology allows you to heat the milk to the desired final temperature in a controlled manner. truely create microfoam and with no less than 16 foam recipes which can be pre-programmed.

Silky smooth froth experience, time and time again.
